## LAGRANGE, OHIO

### MANUFACTURING FACILITY

Welcome to Vexos LaGrange. Located near Cleveland, Ohio, our LaGrange facility is a full turnkey electronics manufacturing services provider, offering the right expertise and resources to handle your entire production process from sourcing to printed circuit board assembly to final mechanical assembly, test, box build, and shipping of finished products to your customers.

- Full turnkey EMS
- Supply chain management
- Customer-focused teams
- 3PL services

### CONTACT

110 West Commerce Drive  
LaGrange, Ohio  
USA 44050  
Tel: +1 440-284-2500  
Fax: +1 440-355-5342

Facility: 40,000 sq.ft

## LOCAL SERVICE. GLOBAL CAPABILITIES.

At Vexos, our individual locations hold specific industry certifications. We encourage customers to visit our facilities to experience how our internal systems focus on quality throughout the assembly and fabrication process.

### EQUIPMENT

- Three SMT lines
- 3D Automatic optical inspection / X-ray / flying probe
- In circuit test / functional test

### SERVICES

- Full service EMS
- New product introduction (NPI)
- PCBA, box build, test development and inspection
- Global logistics

### QUALITY CERTIFICATIONS

- ISO 9001:2015
- ISO 13485:2016
- ITAR compliant
- FDA registered
- KGMP certified
- UL certified ZPV12

## THE POWER OF A STRONG PARTNER

- Full-service EMS provider specializing in high-mix, low- to mid-volume programs
- 25+ years of electronics manufacturing experience
- Exceptional quality assurance and ISO certifications for key markets
- Unique global footprint to match your manufacturing requirements
- Flexibility to expand as your program grows

## SECURITY PROCEDURES

Your safety is very important to Vexos.

Please review these essential safety instructions prior to your visit.

If you are injured, or an emergency arises please contact Management, and the appropriate person in your area.

Visitor badge required

No food or beverage is allowed on the operation floor

Stay within approved walkways unless escorted by a Vexos representative

Do not block Emergency Exits or Fire Extinguishers.

Use of cell-phone cameras prohibited

Yield to mobile equipment (fork truck operation is common - assume the operator cannot see you)

Do not touch operating equipment

ESD procedures must be followed at all times on the shop floor

Do not handle components or finished products without authorization

- Smock
- Heel strap
- Sign-in and test required

Vexos' ESD Control Program is based on the requirements and recommendations of ANSI/ESD S20.20 for the handling of Electrostatic Discharge Sensitive (ESDS) electronic parts, assemblies, and equipment susceptible to voltages greater or equal to 100 volts HBM.

### The ESD Control Program is based on three principles

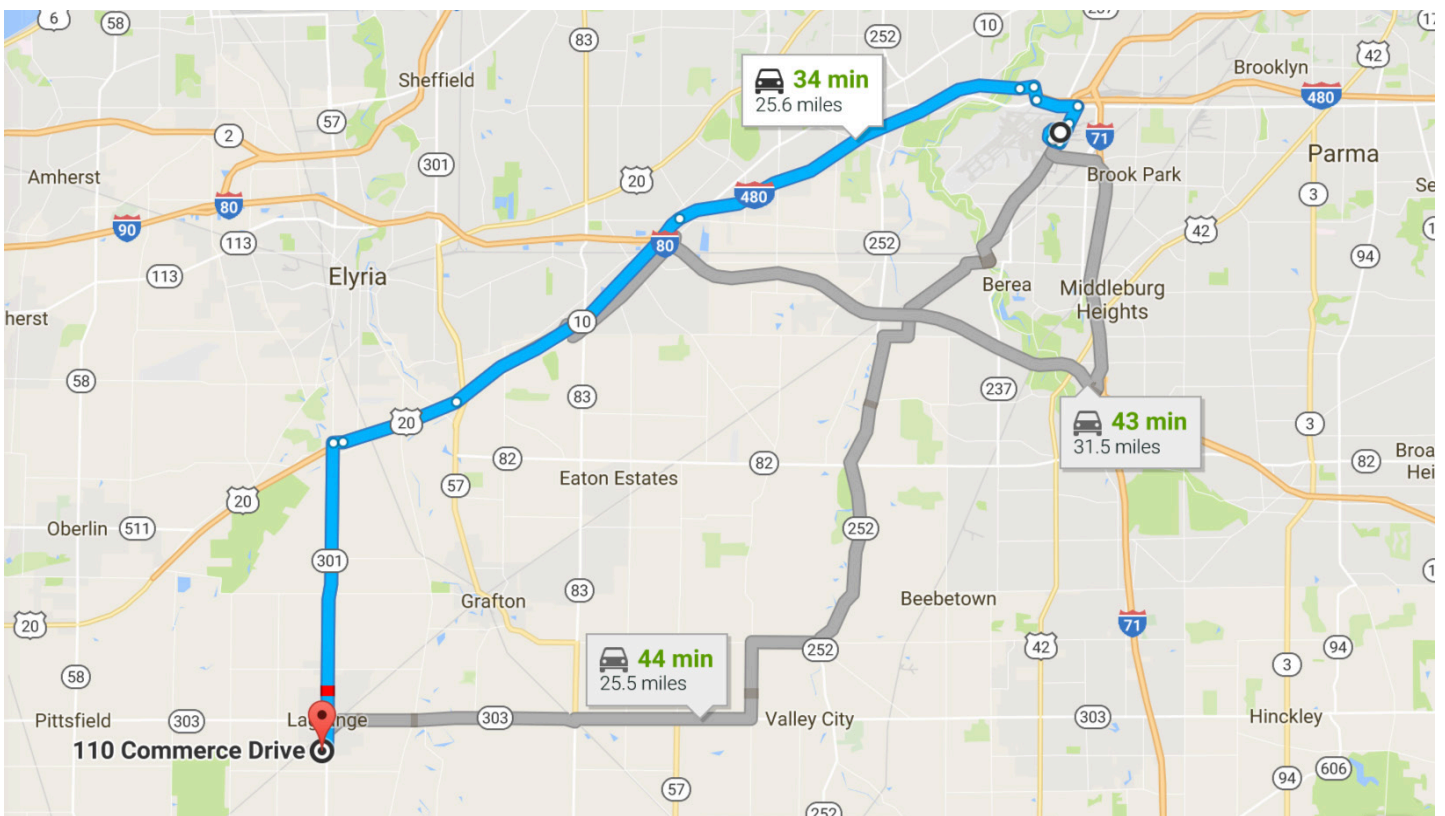

1. All ESDS items and related conductors including personnel must be bonded or electrically interconnected and attached to a known ground.
2. Removal of nonessential insulators from ESD protected areas and neutralization of charges on essential insulators via ionization.
3. Transportation and storage of ESD sensitive items outside an electrostatic protected area requires enclosure in static-shielding packaging.
