

## INDUSTRIAL

Industrial equipment OEMs are continually challenged with managing multiple product lines with specialized applications and complex manufacturing and performance requirements. Vexos understands this. We have the electronic manufacturing services expertise to support the unique needs of our industrial controls and instrument applications customers. Whether it's standard technology or complex, high-density circuits, Vexos delivers state-of-the-art solutions from concept to completion.

As an extension of your company, Vexos is committed to your long-term success and will continue to stretch the boundaries to deliver state-of-the-art solutions that create value and help you gain a competitive advantage.

### SAMPLING OF PRODUCTS

- Electrical test equipment and measuring instruments
- High speed vision inspection equipment
- Electric and industrial vehicle charging systems
- Vehicle service diagnostic tools
- Smart grid infrastructure
- Control systems
- Plasma lighting products
- Water treatment systems
- Passport scanners
- Environmental monitoring equipment

### The Power of a Strong Partner

- Full-service EMS provider specializing in high-mix, low- to mid-volume programs
- 40+ years of electronics manufacturing experience
- Exceptional quality assurance and certifications
- Unique global footprint to match your manufacturing requirements
- Flexibility to expand as your program grows

### SERVICES AND SOLUTIONS

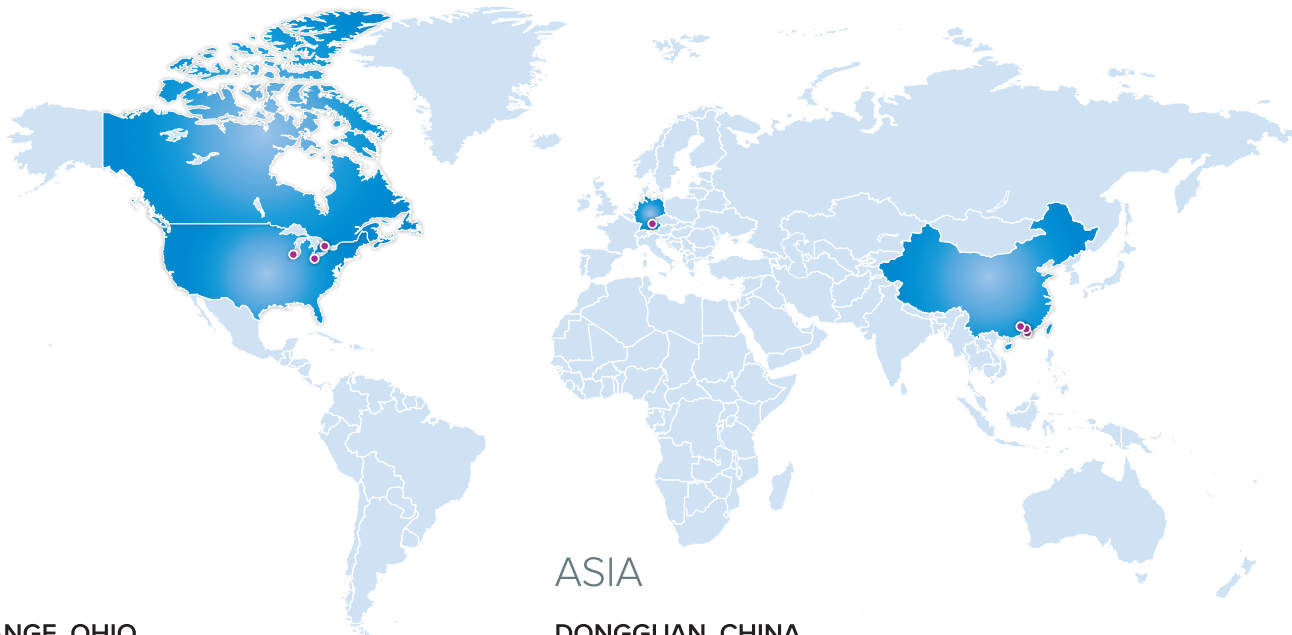

- Printed circuit board assembly
- LCD display
- SMT assembly
- Cable assembly
- Machining
- PCB: flexible circuits, rigid circuits and rigid-flex
- Custom plastics
- Metal fabrication, plating and surface finishes
- Final test
- Wireless technologies: RF, GPS, satellite, WiFi and others
- Detailed box-build/systems assembly
- Supply chain and logistics management
- Aftermarket repair and support

# VEXOS

Local Service. Global Capabilities.

## LOCATIONS

### USA
